

Policy on Transgender Athlete Participation

1. A trans male (FTM) student-athlete who is taking a hormone related treatment related to gender transition, may compete on a boys' team in a PrimeTime Sports event, but is no longer eligible to compete on a girls' team.
2. A trans female (MTF) student- who is taking a hormone related treatment related to gender transition, may compete on a girls' team in a PrimeTime Sports event, but is no longer eligible to compete on a boys' team.
3. For application of the above rules for transgender participation, the parent/guardian of the athlete must provide to PrimeTime Sports, in advance of the competition, a letter from a medical provider or other noninvasive documentation as to the athlete receiving hormone treatment related to gender transition.
4. Any transgender athlete who is not taking hormone treatment related to gender transition may participate in accordance with his or her assigned birth gender.
